

# Money Judgment Enforcement

If you have obtained a County Court Judgment (of over £600) or High Court Judgment, then Ingram Enforcement High Court Enforcement Agents (HCEAs) are exactly who you require to enforce Writs of Execution. Writs of Execution are issued by the High Court on behalf of creditors to recover the money they are owed.

Enforcing your judgment in the High Court is very effective as it gives the Enforcement Agents the power to take control of goods and remove them if payment is not forthcoming.

For a County Court Judgment ( CCJ ), you will first need to transfer it to the High Court for enforcement purposes, but don't worry, we can help you take care of this process. Once it has been transferred to the High Court and a High Court Writ of Control has been obtained it can be enforced.
